Conducting the auction on our behalf will be Registered Auctioneer Graeme Barber.

There will be food and beverages available for purchase from 9:30am.

**A Buyers premium of 10%** is payable on all purchases on the Hammer Price for items purchased through the auction (incl. postal bids) and on the realised price of items sold from passed in items. Buyers, on the Fall of the Hammer, are entering into a binding agreement to complete their purchase.

Successful bidders will be requested to forward, **by return mail**, payment for the lots purchased, plus the buyer's premium, shipping costs and packaging charges. Failing prompt receipt of the amount requested, the buyer's rights will be forfeited.

As postal bids come to hand, lot numbers and bids will be noted in order of receipt and if identical bids are received, the bid that arrived first will take precedence.

**It is the responsibility of all purchasers to obtain the necessary permits to possess before any endorsed or prohibited items can be uplifted or shipped.**

Postal bidders are advised that the parcels for successful bids are wrapped, and addressed, shortly following the auction. Costs are calculated at this stage.

Items are shipped at the Purchaser's risk. This agreement between the Branch and the Vendor indemnifies the Branch from costs relating to any loss or damage to items which may occur.

#### **PLEASE NOTE:**

Your Postal bid will not be accepted if you omit the name of the NZAHAA branch of which you are a member.

**YOU MUST BE A CURRENT NZAHAA MEMBER, OR A KINDRED CLUB MEMBER, TO BID ON ANY LOT.**

#### **IMPORTANT INFORMATION FOR POSTAL BIDDERS**

##### **Payment**

Postal Bidders - Our **only** method of payment is direct credit (online banking). The Branch bank account details can be found on the Postal Bidding form.

**The postal address cannot be to a PO Box number**, as Couriers will not accept parcels for delivery to PO Boxes. Please use your home or work address to enable courier delivery during normal working hours.

**Please note: Firearms will only be delivered to your nearest firearms Dealer or outlet. Reminder – there will be NO deliveries of ammunition.**

All purchasers of Firearms by Postal Bid will receive an invoice for their purchases and must provide their Police Mail Order Sales form and payment before any items will be dispatched.

##### **Conditions of Sale**

**Although every effort has been made to describe each lot accurately, no warranty is given and we strongly recommend visual inspections. Neither the Auctioneer, NZ Antique & Historical Arms Association, Canterbury Branch Inc, nor the vendor is responsible for the authenticity of any item or faults in any lot. All lots are sold as collector's items only and are not sold as suitable for any other purpose. We do not accept any responsibility if items are not in working order, and no internal inspection or tests of mechanisms has been made.**

##### **German and Nazi Items**

Due to the large number of reproductions, including some apparently made from "original" moulds and dies, no guarantee of authenticity can be given.

While items are catalogued with care, all purchasers, including postal bidders, must satisfy themselves as to the authenticity of any lot.

##### **Payment & Buyers Premium**

A Buyers premium of **10%** is payable on all purchases on the Hammer Price for items purchased through the auction as well as the realised price of all withdrawn items purchased.

Bidders attending the auction will be required to pay for their purchases (including fees) during or at the conclusion of the auction by cash, EFTPOS or credit card.

**Please note: The Eft-Pos network will be applying a 1.8% surcharge on all payments made by Credit Card and Eft-Pos transactions.**

**We are not accepting Cheques.**

All lots become the responsibility of the purchaser at the fall of the hammer and the Canterbury Branch of NZAHAA Inc takes no responsibility for any loss or damage incurred after that time.

**Ammunition & Firearms Purchases.** Under the 1983 arms act, all postal purchases of firearms and ammunition must be approved by your local Arms Officer on the approved form (FRM43a). The police will then forward the form to the vendor. One way around these provisions is for you to arrange for someone attending the auction to buy on your behalf and uplift your items under the provisions of their own license.

#### **BUYER'S PROCEDURE for ENDORSED ITEMS:**

1. Pay for the item and receive the invoice confirming payment
2. Apply to the Police Arms Officer, in attendance, for the appropriate form
3. This form will be filled out by the Police Arms Officer and yourself.
4. Take the completed form and invoice to the Endorsed Items Table / Withdrawn Items Table.
5. The buyer then takes the Endorsed Item directly to the Police Arms Officer to complete the transfer onto the buyers licence.
6. When leaving the premises, you will need to show your receipt for payment as well as any Permit to Possess (as required).

#### **WITHDRAWN ITEMS**

Unsold items from the auction proper will be placed on a separate Withdrawn Items table. At the end of (or during) the auction a buyer may purchase an item at the vendor's reserve price. Buyers of any Withdrawn Items must have an invoice created with the buyer's registration number, the lot number and the selling price, and be signed off by the Withdrawn Table staff.

The Purchaser takes their invoice to the Payments Desk. The item will not be released to the Purchaser until receipt of payment has been signed off as proof of payment. Any Endorsed Items must have the appropriate forms signed by the Police Arms Officer present on the day, and the form is then taken to the Withdrawn Table for collection.
