

New Zealand Antique & Historical Arms Association Canterbury Branch Inc

AUCTION OF FIREARMS & MILITARIA

Saturday, September 30th, 2023

ADDENDUM

Please read the entirety of this addendum as it covers important changes to the September 30th 2023 Canterbury Auction.

Due to changes imposed on the auction this event will run differently than other years, so we ask that you be understanding if there are challenges during the day. This event is being run by volunteers who have given up a considerable amount of their time to make this happen.

New Location

The auction hall has been moved to the **SHOW GATE** hall at **165 Racecourse Road**. There is another event happening at the same time as our event, so please be courteous and park next to the Show Gate hall.

Sales Tables

A reminder that you must contact the auction convenor directly to book a sales table prior to Wednesday September 27th, 2023. If you have contacted anyone other than the auction convenor regarding tables you do not have a table reserved. Auction convenor is Hugh Wallace (canterburyauction2023@outlook.com).

Due to the change of venue space is significantly more limited. Because of this, sales and bartering will only be able to occur from 7:30 am opening to auction start at 10:30 am, and over the lunch break. Please refrain from bartering during the auction times as it makes it difficult to hear the auctioneer.

Arms Officer Attendance

We are anticipating arms officer attendance to facilitate endorsed items transfer however be aware that if they are not able to attend endorsed items transfer will need to occur between the buyer and seller at a later date.
